1.0 POLICY

This investment policy ("Policy") is set forth by the Beaumont-Cherry Valley Water District ("District") for the following purposes:

- a. To establish clear guidance and understanding for the governing Board, management, designated employees, citizens and third parties of the objectives, policies and guidelines for the investment of the District's idle surplus funds; and
- b. To establish a basis for evaluating investment results.

The District establishes investment policies that meet its current investment goals. The District shall review this Policy annually and may change its policies as its investment objectives change.

2.0 SCOPE

This investment policy applies to all investment activities and financial assets of the District. The funds covered by this policy are accounted for and incorporated in the District's Annual Financial Report

The Deferred Compensation Plan is excluded because it is managed by a third party administrator and invested by individual plan participants.

Proceeds of debt issuances shall be invested in securities permitted by the applicable bond documents. If the bond documents are silent as to the permitted investments, such proceeds will be invested in accordance with the general investment philosophy of the District as set forth in this Policy.

3.0 PRUDENT INVESTOR STANDARD

The standard of prudence to be used by the designated representative shall be the "prudent investor" standard and shall be applied in the context of managing an overall portfolio. Persons authorized to make investment decisions on behalf of the District are trustees and therefore fiduciaries subject to The **Prudent Investor Standard**, which states "When investing, reinvesting, purchasing, acquiring, exchanging, selling, and managing public funds, a trustee shall act with care, skill, prudence, and diligence under the circumstances then prevailing, including, but not limited to, the general economic conditions and the anticipated needs of the agency, that a prudent person acting in a like capacity and familiarity with those matters would use in the conduct of funds of a like character and with like aims, to safeguard the principal and maintain the liquidity needs of the agency."

4. OBJECTIVES

As specified in California Government Code Section 53600.5, when investing, reinvesting, purchasing, acquiring, exchanging, selling and managing public funds, the primary objectives, in priority order, of the District's investment activities and of this Policy shall be:

Safety: Safety of principal is the foremost objective of the investment program. Investments shall be undertaken in a manner that seeks to ensure the preservation of capital in the District's overall portfolio. To attain this objective, the District will diversify its investments by investing funds among a variety of securities with independent returns.

Liquidity: The investment portfolio shall remain sufficiently liquid to meet all operating requirements that may be reasonably anticipated.

Yield: The investment portfolio shall be designed with the objective of attaining a market rate of return through budgetary and economic cycles, as long as it does not diminish the objectives of Safety and Liquidity.

5.0 DELEGATION OF AUTHORITY

The authority of the District's Board of Directors ("Board") to invest or reinvest funds of the District as permitted under Section 53600 et seq. of the California Government Code is delegated by Board resolution in conjunction with the annual investment policy review. Management responsibility for the investment program is hereby delegated to the Director of Finance and Administrative Services, who shall be responsible for all transactions undertaken and shall establish a system of controls to regulate the activities of his or designee, and their procedures in the absence of the Director of Finance and Administrative Services. The Director of Finance and Administrative Services shall establish procedures for the management of investment activities, including the activities of staff consistent with this policy. No person may engage in an investment transaction except as provided under the terms of this policy and the procedures established by the Director of Finance and Administrative Services.

The Director of Finance and Administrative Services may retain the services of an outside investment advisor or manager as approved by the Board to assist with the District's investment program. Qualified outside managers will be either SEC Registered Investment Advisors or Bank Money Managers. The investment advisor shall make investment decisions and transactions in strict accordance with State and Federal law, this Policy, and such other written instructions as are provided. The performance and service levels of such advisors and managers shall be reviewed annually.

6.0 ETHICS AND CONFLICTS OF INTEREST

Officers and employees involved in the investment process shall refrain from personal business activity that could conflict with proper execution and management of the investment program, or which could impair their ability to make impartial decisions. Employees and investment officials shall disclose to the District's General Manager any material financial interest in the financial institutions that conduct business with the District.

III-9	INVESTMENT POLICY	April 28, 2011	November 2, 2017

7.0 AUTHORIZED FINANCIAL DEALERS AND INSTITUTIONS

The Director of Finance and Administrative Services will maintain a list of authorized broker/dealers and financial institutions that are approved for investment purposes. Broker/dealers will be selected for credit worthiness and must be authorized to provide investment services in the State of California. These may include "primary" dealers or regional dealers that qualify under Securities & Exchange Commission Rule 15(C)3-I (uniform net capital rule). No public deposit will be made by the broker/dealer except in a qualified public depository as established by the established state laws. Before a financial institution or broker/dealer is used, they are subject to investigation and approval by the Director of Finance and Administrative Services or his/her designee, and must submit the following:

1. Certification of having read and understood this investment policy resolution and agreeing to comply with the District's investment policy;
2. Proof of Federal Investment Regulatory Authority certification;
3. Proof of State of California registration;
4. Audited financial statements for the institution's three (3) most recent fiscal years;
5. References of other public-sector clients that similar services are provided to.

If a third party investment advisor is authorized to conduct investment transactions on the District's behalf, the investment advisor may use their own list of approved independent broker/dealers and financial institutions. The investment advisor's approved list must be made available to the District upon request.

8.0 AUTHORIZED AND SUITABLE INVESTMENTS

The District's investments are governed by the California Government Code. Within the investments permitted by the Government Code, the District may seek to further restrict eligible investments. In the event an apparent discrepancy is found between this Policy and the Government Code, the more restrictive parameters will take precedence. A table of allowable investment instruments per California Government Code can be found in section 13.0 of the Policy.

United States Treasury Issues. United States Treasury notes, bonds, bills, or certificates of indebtedness, or those for which the full faith and credit of the United States are pledged for the payment of principal and interest. There is no limitation as to the percentage of the portfolio that may be invested in this category.

Federal Agency Obligations. Federal agency or United States government-sponsored enterprise senior debt obligations, participations, mortgage backed securities, or other instruments, including those issued by or fully guaranteed as to principal and interest by Federal agencies or United States government-sponsored enterprises. There is no limitation as to the percentage of the portfolio that may be invested in this category.

Municipal Debt. Registered treasury notes or bonds of this state or any of the other 49 United States, including bonds payable solely out of the revenues from a revenue-producing property owned, controlled, or operated by a state or by a department, board, agency, or authority of this state or any of the other 49 United States.

Beaumont-Cherry Valley Water District
Policy and Procedure Manual

PPM NUMBER	TITLE	ISSUE DATE	REVISION DATE
III-9	INVESTMENT POLICY	April 28, 2011	November 2, 2017

Bonds, notes, warrants, or other evidence of indebtedness of any local agency, including the District's own bonds, within this state, including bonds payable solely out of the revenues from a revenue-producing property owned, controlled, or operated by the local agency, or by a department, board, agency, or authority of the local agency.

There is no limitation as to the percentage of the portfolio that may be invested in this category.

Medium-Term Notes. All corporate and depository institution debt securities with a maximum remaining maturity of 5 years or less, issued by corporations organized and operating within the United States or by depository institutions licensed by the United States or any state and operating within the United States. Purchases are limited to securities that have a long-term debt rating of at least "A", or its equivalent, by a Nationally Recognized Statistical Rating Organization ("NRSRO"). A maximum of 30 percent of the portfolio may be invested in this category.

Negotiable Certificates of Deposit. Negotiable certificates of deposit (NCDs) issued by a nationally or state-chartered bank, a savings association or a federal association, a state or federal credit union, or by a federally licensed or state-licensed branch of a foreign bank. In combination with placement service CDs, a maximum of 30 percent of the portfolio may be invested in this category.

Placement Service Certificates of Deposit. Certificates of deposit placed through a deposit placement service shall meet the requirements under Government Code Section 53601.8. The full amount of the principal and the interest that may be accrued during the maximum term of each certificate of deposit shall at all times be insured by federal deposit insurance. In combination with negotiable certificates of deposit, a maximum of 30 percent of the portfolio may be invested in this category.

Bank Deposits. FDIC insured or fully collateralized bank deposits, including, but not limited to, demand deposit accounts, savings accounts, market rate accounts, and time deposits. Bank deposits are required to be collateralized as specified under Government Code Section 53630 et. seq. The Director of Finance and Administrative Services, at their discretion, may waive the collateralization requirements for any portion that is covered by federal deposit insurance.

Commercial Paper. Commercial paper of "prime" quality of the highest ranking or of the highest letter and number rating as provided for by a NRSRO. The entity that issues the commercial paper shall meet all of the following conditions: (i) is organized and operating in the United States as a general corporation, (ii) has total assets in excess of five hundred million dollars (\$500,000,000), and (iii) has debt other than commercial paper, if any, that is rated at least "A", or its equivalent, by a NRSRO.

Eligible commercial paper shall have a maximum maturity of 270 days or less and not represent more than 10 percent of the outstanding paper of an issuing corporation. A maximum of 25 percent of the portfolio may be invested in this category.

Bankers' Acceptances. Bankers' acceptances, otherwise known as bills of exchange or time drafts that are drawn on and accepted by a commercial bank. Purchases are limited to bankers' acceptances issued by domestic or foreign banks, which are eligible for purchase by the Federal Reserve System. Purchases of bankers' acceptances may not exceed 180 days maturity. Eligible bankers' acceptances are restricted to issuing financial institutions with a short-term debt rating of at least "A-1", or its equivalent, by a NRSRO.

Beaumont-Cherry Valley Water District
Policy and Procedure Manual

PPM NUMBER	TITLE	ISSUE DATE	REVISION DATE
III-9	INVESTMENT POLICY	April 28, 2011	November 2, 2017

No more than 30 percent of the District's money may be in bankers' acceptances of any one commercial bank, while a maximum of 40 percent of the portfolio may be invested in this category.

State of California Local Agency Investment Fund (LAIF). There is no limitation as to the percentage of the portfolio that may be invested in this category. However, the amount invested may not exceed the current maximum allowed by LAIF.

Local Government Investment Pools (LGIP). Shares of beneficial interest issued by a joint powers authority organized pursuant to Government Code Section 6509.7. To be eligible for purchase, the pool shall meet all of the following conditions: (i) must meet the requirements of California Government Code Section 53601(p), (ii) the pool must seek to maintain a stable Net Asset Value ("NAV"), and (iii) the pool must be rated at least "AAm", or its equivalent, by a NRSRO. There is no limitation as to the percentage of the portfolio that may be invested in this category. However, the amount invested may not exceed the current maximum allowed by the pool.

Money Market Funds. Shares of beneficial interest issued by diversified management companies that are money market funds registered with the Securities and Exchange Commission. The company shall have met either of the following criteria: (A) attained the highest ranking or the highest letter and numerical rating provided by not less than two NRSROs and (B) retained an investment adviser registered or exempt from registration with the Securities and Exchange Commission with not less than five years of experience managing money market mutual funds with assets under management in excess of five hundred million dollars (\$500,000,000). A maximum of 20 percent of the portfolio may be invested in this category.

Repurchase Agreements. Repurchase agreements are to be used as short-term investments not to exceed 1 year. Repurchase agreements shall only be made only with counterparties that are a nationally or state-chartered bank that has or has had a significant banking relationship with the District.

The District shall have a properly executed master repurchase agreement with each counterparty for which it enters into an agreement for repurchase agreements. Collateral of at least 102 percent of market value of principal and accrued interest is required. For any repurchase agreement with a term of more than one day, the value of the underlying securities must be reviewed on an on-going basis according to market conditions. Market value must be calculated each time there is a substitution of collateral. Collateral is limited to obligations of the United States government and its agencies. Collateral must be delivered to the District's custodian bank or handled under a properly executed master repurchase agreement. The District, or its trustee, shall have a perfected first security interest in all collateral. A maximum of 10 percent of the portfolio may be invested in this category.

9.0 PROHIBITED INVESTMENTS

Section 53601.6 of the Government Code lists the investments that are prohibited. Prohibited investments shall include, but are not limited to, equity securities, inverse floaters, range notes, interest-only strips that are derived from a pool of mortgages, or any investment that could result in zero interest earned if held to maturity.

The purchase of any investment permitted by the Government Code, but not listed as an authorized investment in section 7.0 of this Policy is prohibited without the prior approval of the Board.

PPM NUMBER	TITLE	ISSUE DATE	REVISION DATE
III-9	INVESTMENT POLICY	April 28, 2011	November 2, 2017

10.0 REVIEW OF INVESTMENT PORTFOLIO

The securities held by the District must be in compliance with Section 8.0 Authorized and Suitable Investments at the time of purchase. Because some securities may not comply with Section 8.0 Authorized and Suitable Investments subsequent to the date of purchase, the Director of Finance and Administrative Services or their designee shall at least annually review the portfolio to identify those securities that do not comply. The Director of Finance and Administrative Services or their designee shall establish procedures to report to the Board, should one exist, major and critical incidences of noncompliance identified through the review of the portfolio.

11.0 INVESTMENT POOLS/MUTUAL FUNDS DUE DILIGENCE

A thorough investigation of the pool/fund is required prior to investing, and on a continual basis. There shall be a questionnaire developed which will answer the following general questions:

1. A description of eligible investment securities, and a written statement of investment policy and objectives.
2. A description of interest calculations and how it is distributed, and how gains and losses are treated.
3. A description of how the securities are safeguarded (including the settlement processes), and how often the securities are priced and the program audited.
4. A description of who may invest in the program, how often, what size deposit and withdrawal are allowed.
5. A schedule for receiving statements and portfolio listings.
6. Are reserves, retained earnings, etc. utilized by the pool/fund?
7. A fee schedule, and when and how is it assessed.
8. Is the pool/fund eligible for bond proceeds and/or will it accept such proceeds?

12.0 COLLATERALIZATION

Collateralization will be required on two types of investments: certificates of deposit and repurchase (and reverse repurchase) agreements. In order to anticipate market changes and provide a level of security for all funds, the collateralization level will be 110% of market value for Certificate of Deposits and 102% for reverse repurchase agreements of principal and accrued interest.

The District chooses to limit collateral to the following: U.S. Treasuries and Federal Agency Obligations. Collateral will always be held by an independent third party with whom the entity has a current custodial agreement. A clearly marked evidence of ownership (safekeeping receipt) must be supplied to the entity and retained. The right of collateral substitution is granted.

13.0 SAFEKEEPING AND CUSTODY

All security transactions, including collateral for repurchase agreements, entered into by the (Local Agency) shall be conducted on a delivery-versus-payment (DVP) basis. Securities will be held by a third party custodian designated by the Treasurer and evidenced by safekeeping receipts.

III-9	INVESTMENT POLICY	April 28, 2011	November 2, 2017

14.0 DIVERSIFICATION AND MAXIMUM MATURITIES

It is the policy of the District to diversify its investment portfolio. Assets shall be diversified to eliminate the risk of loss resulting from over-concentration of assets in a specific maturity, a specific issuer or a specific class of securities. Diversification strategies shall be determined and revised periodically. Adequate diversification shall be applied to the individual issuers of debt, both within each class of investments and collectively. With the exception of U.S. Treasuries, Federal Agency securities, LGIPs, and LAIF, the District's investment in any one issuer is limited to 5 percent of the District's surplus funds.

To the extent possible, the District will attempt to match its investments with anticipated cash flow requirements. The maximum maturity of individual investments shall not exceed the limits set forth in Section 8.0. Where no maturity limit is stated, no investment shall exceed a maturity of five years from the date of purchase unless the Board has granted express authority to make that investment either specifically or as a part of an investment program approved by the Board no less than three months prior to the investment. With respect to maximum maturities, this Policy authorizes investing reserve funds beyond five years if the maturity of such investments is made to coincide as nearly as practicable with the expected use of the funds.

15.0 INTERNAL CONTROLS

The Director of Finance and Administrative Services shall establish a system of internal controls designed to prevent losses due to fraud, employee error, misrepresentation by third parties, unanticipated market changes, and/or imprudent actions by employees of the District. The internal control structure shall be designed to provide reasonable assurance that these objectives are met. The concept of reasonable assurance recognizes that 1) the cost of a control should not exceed the benefits likely to be derived and 2) the valuation of costs and benefits requires estimates and judgments by management. Compliance with this Policy and internal controls shall be reviewed annually by the District's independent, external auditors.

16.0 PERFORMANCE STANDARDS

The investment performance of the District's operating portfolio shall be evaluated and compared to an appropriate benchmark in order to assess the success of the investment program relative to the District's Safety, Liquidity and Yield objectives. This review will be conducted annually with the Board's Finance Committee.

17.0 INVESTMENT REPORTING

- a. **Monthly.** The Director of Finance-Treasurer and/or Investment officer shall prepare a monthly investment report for review and approval by the governing Board, including a management summary that provides an analysis of the status of the current investment portfolio and transactions made over the last quarter. This management summary will be prepared in a manner which will allow the governing Board to ascertain whether investment activities during the reporting period have conformed to the investment policy. The report will include the following.
 1. Listing of individual securities held at the end of the reporting period;
 2. Cost and market value of all securities, including realized and unrealized market value gains or losses in accordance with GASB requirements;
 3. Average weighted yield to maturity of portfolio;
 4. Listing of investment by maturity date;

5. Percentage of the total portfolio, which each type of investment represents;
 2. Statement of compliance with Investment Policy, including an explanation of any compliance exceptions (CGC Section 53646); and
 2. Certification of sufficient liquidity to meet budgeted expenditures over the ensuing six months (CGC Section 53646).
- b. **Quarterly.** On a quarterly basis, the District's investment adviser shall report the total rate of return on each of the District's portfolios to the governing Board.
- c. **Annually.** On an annual basis, the Director of Finance-Treasurer shall present the Investment Policy, together with any proposed amendments, to the Governing Body for its consideration.

As specified in CGC 53646(e), if funds are placed in LAIF, FDIC insured accounts and/or in an LGIP, the foregoing report elements may be replaced by copies of the latest statements from such institutions. The report must also include a certification that (1) all investment actions executed since the last report have been made in full compliance with the Investment Policy and, (2) the Beaumont Cherry Valley Water District will meet its expenditure obligations for the next six months as required by CGC 53646(b)(2) and (3) respectively. The Director of Finance and Administrative Services shall maintain a complete and timely record of all investment transactions.

18.0 POLICY ADOPTION AND REVIEW

This Policy shall be adopted by resolution of the Board. Moreover, the Policy shall be reviewed on an annual basis and modifications, if any, must be approved by the Board by resolution.

Notes to Authorized and Suitable Investments Table

- A. Sources: Sections 16340, 16429.1, 53601, 53601.8, 53635, 53635.2, 53635.8, and 53638.
- B. Municipal Utilities Districts have the authority under the Public Utilities Code Section 12871 to invest in certain securities not addressed here.
- C. Section 53601 provides that the maximum term of any investment authorized under this section, unless otherwise stated, is five years. However, the Board of Directors may grant express authority to make investments either specifically or as a part of an investment program approved by the legislative body that exceeds this five year maturity limit. Such approval must be issued no less than three months prior to the purchase of any security exceeding the five-year maturity limit.
- D. Percentages apply to all portfolio investments regardless of source of funds. For instance, cash from a reverse repurchase agreement would be subject to the restrictions.
- E. No more than 30 percent of the District's money may be in bankers' acceptances of any one commercial bank.
- F. "Select Agencies" are defined as a "city, a district, or other local agency that do[es] not pool money in deposits or investment with other local agencies, other than local agencies that have the same governing body."
- G. Local agencies, other than counties or a city and county, may purchase no more than 10 percent of the outstanding commercial paper of any single issuer.
- H. Issuing corporation must be organized and operating within the U.S., have assets in excess of \$500 million, and debt other than commercial paper must be in a rating category of "A" or its equivalent or higher by a nationally recognized statistical rating organization, or the issuing corporation must be organized within the U.S. as a special purpose corporation, trust, or LLC, has program credit enhancements, and has commercial paper that is rated "A-1" or higher, or the equivalent, by a nationally recognized statistical rating agency.
- I. "Other Agencies" are counties, a city and county, or other local agency "that pools money in deposits or investments with other local agencies, including local agencies that have the same governing body." Local agencies that pool exclusively with other local agencies that have the same governing body must adhere to the limits set for "Select Agencies," above.
- J. No more than 30 percent of the District's money may be in negotiable certificates of deposit that are authorized under Section 53601(i).
- K. No more than 30 percent of the District's money may be invested in deposits, including certificates of deposit, through a placement service (excludes negotiable certificates of deposit authorized under Section 53601(i)).
- L. Reverse repurchase agreements or securities lending agreements may exceed the 92-day term if the agreement includes a written codicil guaranteeing a minimum earning or spread for the entire period between the sale of a security using a reverse repurchase agreement or securities lending agreement and the final maturity dates of the same security.
- M. Reverse repurchase agreements must be made with primary dealers of the Federal Reserve Bank of New York or with a nationally or state chartered bank that has a significant relationship with the local agency. The District must have held the securities used for the agreements for at least 30 days.
- N. "Medium-term notes" are defined in Section 53601 as "all corporate and depository institution debt securities with a maximum remaining maturity of five years or less, issued by corporations organized and operating within the United States or by depository institutions licensed by the United States or any state and operating within the United States."
- O. No more than 10 percent invested in any one mutual fund. This limitation does not apply to money market mutual funds.
- P. A mutual fund must receive the highest ranking by not less than two nationally recognized rating agencies or the fund must retain an investment advisor who is registered with the SEC (or exempt from registration), has assets under management in excess of \$500 million, and has at least five years' experience investing in instruments authorized by Sections 53601 and 53635.
- Q. A money market mutual fund must receive the highest ranking by not less than two nationally recognized statistical rating organizations or retain an investment advisor registered with the SEC or exempt from registration and who has not less than five years' experience investing in money market instruments with assets under management in excess of \$500 million.
- R. Issuer must be rated in a rating category of "A" or its equivalent or better as provided by a nationally recognized statistical rating organization.
- S. A joint powers authority pool must retain an investment advisor who is registered with the SEC (or exempt from registration), has assets under management in excess of \$500 million, and has at least five years' experience investing in instruments authorized by Section 53601, subdivisions (a) to (o).
- T. Local entities can deposit between \$200 million and \$10 billion into the Voluntary Investment Program Fund, upon approval by their governing bodies. Deposits in the fund will be invested in the Pooled Money Investment Account.
- U. Only those obligations issued or unconditionally guaranteed by the International Bank for Reconstruction and Development (IBRD), International Finance Corporation (IFC), and Inter-American Development Bank (IADB).

20.0 GLOSSARY OF TERMS

AGENCY SECURITIES: Securities issued by a U.S. government-sponsored entity (GSE) and federally related institutions. Examples of a GSE include: Federal Farm Credit Bank System (FFCB), Federal Home Loan Bank (FHLB), Federal Home Loan Mortgage Company (FHLMC-Freddie Mac), Federal National Mortgage Association (FNMA-Fannie Mae), and Student Loan Marketing Association (SLMA-Sallie Mae).

ASKED: The price at which securities are offered.

BANKERS' ACCEPTANCE (BA): A draft, bill, or exchange accepted by a bank or trust company. The accepting institution guarantees payment of the bill, as well as the issuer.

BENCHMARK: A comparative base for measuring the performance or risk tolerance of the investment portfolio. A benchmark should represent a close correlation to the level of risk and the average duration of the portfolio's investments.

BID: The price offered by a buyer of securities.

BROKER: A broker brings buyers and sellers together for a commission.

CALLABLE SECURITY: A security that is redeemable by the issuer before the scheduled maturity. Bonds are usually called when the interest rates fall so significantly that the issuer can save money by floating new bonds at lower rates.

CERTIFICATE OF DEPOSIT (CD): A time deposit with a specific maturity evidenced by a Certificate. Large-denomination CD's are typically negotiable.

COLLATERAL: Securities, evidence of deposit or other property, which a borrower pledges to secure repayment of a loan. Also refers to securities pledged by a bank to secure deposits of public monies.

ANNUAL FINANCIAL REPORT: The official annual report of the Beaumont-Cherry Valley Water District. It includes financial statements prepared in conformity with GAAP. It also includes supporting schedules necessary to demonstrate compliance with finance-related legal and contractual provisions and extensive introductory material.

COUPON: (a) The annual rate of interest that a bond's issuer promises to pay the bondholder on the bond's face value. (b) A certificate attached to a bond evidencing interest due on a payment date.

DEALER: A dealer, as opposed to a broker, acts as a principal in all transactions, buying and selling for his own account.

DEBENTURE: A bond secured only by the general credit of the issuer.

DELIVERY VERSUS PAYMENT (DVP): The delivery of securities with an exchange of money for the securities.

DERIVATIVES: (1) Financial instruments whose return profile is linked to, or derived from, the movement of one or more underlying index or security, and may include a leveraging factor, or (2) financial contracts based upon notional amounts whose value is derived from an underlying index or security (interest rates, foreign exchange rates, equities or commodities).

DISCOUNT: The difference between the cost price of a security and its maturity when quoted at lower than face value. A security selling below original offering price shortly after sale also is considered to be at a discount.

DIVERSIFICATION: Dividing investment funds among a variety of securities offering independent returns with the goal of spreading risk throughout the portfolio holdings.

DURATION: A measure of the sensitivity of the price (the value of principal) of a fixed-income investment to a change in interest rates. Duration is expressed as a number of years. Rising interest rates mean falling bond prices, while declining interest rates mean rising bond prices.

FEDERAL DEPOSIT INSURANCE CORPORATION (FDIC): A federal agency that insures bank deposits.

LIQUIDITY: A liquid asset is one that can be converted easily and rapidly into cash without a substantial loss of value.

LOCAL AGENCY INVESTMENT FUND (LAIF): A voluntary program created by state statute as an investment alternative for California's local governments and Special Districts under the administration of the California State Treasurer's Office. All securities are purchased under the authority of the Government Code Section 16430 and 16480.4.

LOCAL GOVERNMENT INVESTMENT POOL (LGIP): A state or local government pool offered to public entities for the investment of public funds.

MARKET VALUE: The price at which a security is trading and could presumably be purchased or sold.

MASTER REPURCHASE AGREEMENT: A written contract covering all future transactions between the parties that establishes each party's rights in the transactions. A master agreement will often specify, among other things, the right of the buyer-lender to liquidate the underlying securities in the event of default by the seller borrower.

MATURITY: The date upon which the principal or stated value of an investment becomes due and payable.

MONEY MARKET: The market in which short-term debt instruments (bills, commercial paper, bankers' acceptances, etc.) are issued and traded.

NATIONALLY RECOGNIZED STATISTICAL RATINGS ORGANIZATION (NRSRO): A credit rating agency that provides credit ratings that are used by the U.S. government and investors as benchmarks. Examples include Moody's, Standard & Poor's, and Fitch Ratings.

OFFER: The price asked by a seller of securities.

OPEN MARKET OPERATIONS: Purchases and sales of government and certain other securities in the open market by the New York Federal Reserve Bank as directed by the FOMC in order to influence the volume of money and credit in the economy. Purchases inject reserves into the bank system and stimulate growth of money and credit; sales have the opposite effect. Open market operations are the Federal Reserve's most important and most flexible monetary policy tool.

PORTFOLIO: Collection of securities held by an investor.

PRIMARY DEALER: A group of government securities dealers who submit daily reports of market activity and positions and monthly financial statements to the Federal Reserve Bank of New York and are subject to its informal oversight. Primary dealers include Securities and Exchange Commission (SEC)-registered securities broker-dealers, banks, and a few unregulated firms.

PRUDENT INVESTOR STANDARD: An investment standard to be followed by those authorized to make investment decisions on behalf of a local agency. Those authorized shall act with care, skill, prudence, and diligence under the circumstances then prevailing, including, but not limited to, the general economic conditions and the anticipated needs of that agency.

QUALIFIED PUBLIC DEPOSITORIES: A financial institution which does not claim exemption from the payment of any sales or compensating use or ad valorem taxes under the laws of this state, which has segregated for the benefit of the commission eligible collateral having a value of not less than its maximum liability and which has been approved by the Public Deposit Protection Commission to hold public deposits.

RATE OF RETURN: The yield obtainable on a security based on its purchase price or its current market price. This may be the amortized yield to maturity on a bond the current income return.

REPURCHASE AGREEMENT (REPO): A holder of securities sells these securities to an investor with an agreement to repurchase them at a fixed price on a fixed date. The security "buyer" in effect lends the "seller" money for the period of the agreement, and the terms of the agreement are structured to compensate him for this.

REVERSE REPURCHASE AGREEMENT (REVERSE REPO): A reverse-repurchase agreement (reverse repo) involves an investor borrowing cash from a financial institution in exchange for securities. The investor agrees to repurchase the securities at a specified date for the same cash value plus an agreed upon interest rate. Although the transaction is similar to a repo, the purpose of entering into a reverse repo is quite different. While a repo is a straightforward investment of public funds, the reverse repo is a borrowing.

SAFEKEEPING: A service to customers rendered by banks for a fee whereby securities and valuables of all types and descriptions are held in the bank's vaults for protection.

SECONDARY MARKET: A market made for the purchase and sale of outstanding issues following the initial distribution.

SECURITIES & EXCHANGE COMMISSION: Agency created by Congress to protect investors in securities transactions by administering securities legislation.

III-9	INVESTMENT POLICY	April 28, 2011	December 31, 2015

PURPOSE

This Investment Policy is set forth by Beaumont-Cherry Valley Water District (hereinafter referred to as "District") for the following purposes:

- To establish a clear understanding for the governing Board, management, responsible employees, citizens and third parties of the objectives, policies and guidelines for the investment of the District's idle and surplus funds;
- To offer guidance to investment staff and any external investment advisers on the investment of District funds; and
- To establish a basis for evaluating investment results.

The District establishes investment policies that meet its current investment goals. The District shall review this policy annually and may change its policies as its investment objectives change.

SCOPE

This investment policy applies to all financial assets and investment activities of the District with the following exceptions:

- The Deferred Compensation Plan is excluded because it is managed by a third party administrator and invested by individual plan participants; and
- Proceeds of debt issuance shall be invested in accordance with the general investment philosophy of the District as set forth in this policy; however, such proceeds are invested in accordance with permitted investment provisions of their specific bond indentures.

DELEGATION OF AUTHORITY

Section 53600 et seq. of the Government Code provides legal authorization for the investment or deposit of funds of local agencies. All investments of Beaumont-Cherry Valley Water District shall conform to the restrictions of those laws. In addition, further requirements shall be established taking into consideration prudent investment standards.

Management responsibility for the investment program is hereby delegated to the General Manager, who shall establish written procedures for the operation of the investment program consistent with this investment policy. Procedures should include references to: safekeeping, PSA repurchase agreements, wire transfer agreements, collateral/depository agreements and banking services contracts, as appropriate. Such procedures shall include explicit delegation of authority to persons responsible for investment transactions. No person may engage in an investment transaction except as provided under the terms of this policy and the procedures established by the General Manager. The General Manager shall be responsible for all transactions undertaken and shall establish a system of controls to regulate the activities of subordinate officials. Under the provision of California

III-9	INVESTMENT POLICY	April 28, 2011	December 31, 2015

Government Code 53600.3, the General Manager is a trustee and a fiduciary subject to the prudent investor standard.

The District may engage the services of an external investment manager to assist in the management of the District's investment portfolio in a manner consistent with the District's objectives. Such external manager may be granted discretion to purchase and sell investment securities in accordance with this Investment Policy. Such manager must be registered under the Investment Advisers Act of 1940.

PRUDENT INVESTOR STANDARD

The Prudent Investor Standard shall be used by investment officials, and shall be applied in the context of managing an overall portfolio. Investment staff acting in accordance with written procedures and the investment policy and exercising due diligence shall be relieved of personal responsibility for an individual security's credit risk or market price changes, provided deviations from expectations are reported within 30 days and appropriate action is taken to control adverse developments.

The **Prudent Investor Standard**: When investing, reinvesting, purchasing, acquiring, exchanging, selling, and managing public funds, a trustee shall act with care, skill, prudence, and diligence under the circumstances then prevailing, that a prudent person acting in a like capacity and familiarity with those matters would use in the conduct of funds of a like character and with like aims, to safeguard the principal and maintain the liquidity needs of the agency. Within the limitations of this section and considering individual investments as part of an overall strategy, a trustee is authorized to acquire investments as authorized by law.

ETHICS AND CONFLICTS OF INTEREST

Officers and employees involved in the investment process shall refrain from personal business activity that could conflict with proper execution of the investment program, or which could impair their ability to make impartial investment decisions.

OBJECTIVES

The primary objectives, in priority order, of investment activities shall be safety, liquidity and return.

SAFETY

Safety of principal is the foremost objective of the investment program. Investments shall be undertaken in a manner that seeks to ensure the preservation of capital in the overall portfolio.

LIQUIDITY

The investment portfolio shall remain sufficiently liquid to meet all operating requirements that may be reasonably anticipated. This is accomplished by structuring the portfolio so that securities mature concurrent with cash needs to meet anticipated demands (static liquidity). Furthermore, since all possible cash demands

Beaumont-Cherry Valley Water District Policy and Procedure Manual

PPM NUMBER	TITLE	ISSUE DATE	REVISION DATE
III-9	INVESTMENT POLICY	April 28, 2011	December 31, 2015

cannot be anticipated, the portfolio should consist largely of securities with active secondary or resale markets (dynamic liquidity). A portion of the portfolio also may be placed in money market mutual funds or local government investment pools which offer same-day liquidity for short-term funds.

RETURN

The investment portfolio shall be designed with the objective of attaining a market rate of return through budgetary and economic cycles, taking into account the District's investment risk constraints, the cash flow characteristics of the portfolio and state law.

AUTHORIZED AND SUITABLE INVESTMENTS

The Beaumont-Cherry Valley Water District is empowered by California Government Code 53601 et seq. to invest in the following:

- A. Bonds issued by the Beaumont-Cherry Valley Water District.
- B. United States Treasury Bills, Notes & Bonds.
- C. Registered state warrants or treasury notes or bonds issued by the State of California.

J. Medium term notes (not to exceed 5 years) of U.S. corporations rated "A" or better by Moody's or S&P. Not more than 30% of surplus funds can be invested in medium term notes.

K. Shares of beneficial interest issued by diversified management companies (Money Market Mutual funds) investing in the securities and obligations authorized by this Section. Such Funds must carry the highest rating of at least two of the three largest national rating agencies. Not more than 15% of surplus funds can be invested in Money Market Mutual Funds.

L. Funds held under the terms of a Trust Indenture or other contract or agreement may be invested according to the provisions of those indentures or agreements.

M. Collateralized bank deposits with a perfected security interest in accordance with the Uniform Commercial Code (VCC) or applicable federal security regulations.

N. Any mortgage pass-through security, collateralized mortgage obligation, mortgage backed or other pay-through bond, equipment lease-backed certificate, consumer receivable pass-through certificate or consumer receivable backed bond of a maximum maturity of five years. Securities in this category must be rated AA or better by a nationally recognized rating service. Not more than 20% of surplus funds may be invested in this category of securities.

O. Any other investment security authorized under the provision of CGC 5921 and 53601.

Also, see CGC 53601 for detailed summary of the limitations and special conditions that apply to each of the above listed investment securities.

COLLATERALIZATION

All certificates of deposits must be collateralized by U.S. Treasury Obligations. Collateral must be held by a third party trustee and valued on a monthly basis. The percentage of collateralization on repurchase and reverse repurchase agreements will adhere to the amount required under CGC 53601(iX2).

PROHIBITED INVESTMENT VEHICLES AND PRACTICES

State law notwithstanding, any investments not specifically described herein are prohibited, including, but not limited to, mutual funds (other than government money market funds), unregulated and/or unrated investment pools or trusts, and futures and options.

In accordance with Government Code Section 53601.6, investment in inverse floaters, range notes, or mortgage derived interest-only strips is prohibited.

Investment in any other security that could result in a zero interest accrual if held to maturity is prohibited.

Trading securities for the sole purpose of speculating on the future direction of interest rates is prohibited.

Purchasing or selling securities on margin is prohibited.

The use of reverse repurchase agreements, securities lending or any other form of borrowing or leverage is prohibited.

The District pursues prudent active management strategies in order to enhance return and reduce risk as market conditions change over time.

MITIGATING CREDIT RISK IN THE PORTFOLIO

Credit risk is the risk that a security or a portfolio will lose some or all of its value due to a real or perceived change in the ability of the issuer to repay its debt. The District shall mitigate credit risk by adopting the following strategies:

No more than 5% of the total portfolio may be invested in securities of any single bank, bank holding company, or other non-governmental issuer.

The District may elect to sell a security prior to its maturity and record a capital gain or loss in order to improve the quality, liquidity or yield of the portfolio in response to market conditions or the District's risk preferences.

If securities owned by the District are downgraded by either Moody's or S&P to a level below the quality required by this Investment Policy, it shall be the District's policy to review the credit situation and make a determination as to whether to sell or retain such securities in the portfolio. If a decision is made to retain a downgraded security in the portfolio, its presence in the portfolio will be monitored and reported quarterly to the governing Board.

The diversification requirements described herein, and in the Table on Page 6 are designed to mitigate credit risk in the portfolio.

MITIGATING MARKET RISK IN THE PORTFOLIO

Market risk is the risk that the portfolio will decline in value (or will not optimize its value) due to changes in the general level of interest rates. The District recognizes that, over time, longer-term portfolios achieve higher returns. On the other hand, longer-term portfolios have higher volatility of return. The District shall mitigate market risk by providing adequate liquidity for short-term cash needs, and by marking some longer-term investments only with funds that are not needed for current cash flow purposes. The District further recognizes that certain types of securities, including variable rate securities, securities with principal pay downs prior to maturity, and securities with embedded options, will affect the market risk profile of the portfolio differently in different interest rate environments. The District, therefore, adopts the following strategies to control and mitigate its exposure to market risk.

The Board of Directors has approved the purchase of securities with maturities in excess of five years for the Operating Reserve portfolio. Purchases of such securities shall not exceed 30 percent of surplus funds unless prior approval is given by the Board of Directors.

The maximum stated final maturity of individual securities in the portfolio shall be five (5) years, as defined more specifically in this policy;

The duration of each portfolio shall typically be equal to the duration of its market benchmark, plus or minus 10%.

REPORTING

- a. **Monthly.** The Director of Finance-Treasurer and/or Investment officer shall prepare a monthly investment report for review and approval by the governing Board, including a management summary that provides an analysis of the status of the current investment portfolio and transactions made over the last quarter. This management summary will be prepared in a manner, which will allow the governing Board to ascertain whether investment activities during the reporting period have conformed to the investment policy. The report will include the following.
 1. Listing of individual securities held at the end of the reporting period;
 2. Cost and market value of all securities, including realized and unrealized market value gains or losses in accordance with GASB requirements;
 3. Average weighted yield to maturity of portfolio;
 4. Listing of investment by maturity date;
 5. Percentage of the total portfolio, which each type of investment represents;
 2. Statement of compliance with Investment Policy, including an explanation of any compliance exceptions (CGC Section 53646); and
 2. Certification of sufficient liquidity to meet budgeted expenditures over the ensuing six months (CGC Section 53646).
- b. **Quarterly.** On a quarterly basis, the District's investment adviser shall report the total rate of return on each of the District's portfolios to the governing Board.
- c. **Annually.** On an annual basis, the Director of Finance-Treasurer shall present the Investment Policy, together with any proposed amendments, to the Governing Body for its consideration.

As specified in CGC 53646(e), if funds are placed in LAIF, FDIC insured accounts and/or in a county investment pool, the foregoing report elements may be replaced by copies of the latest statements from such institutions. The report must also include a certification that (1) all investment actions executed since the last report have been made in full compliance with the Investment Policy and, (2) the Beaumont Cherry Valley Water District will meet its expenditure obligations for the next six months as required by CGC 53646(b)(2) and (3) respectively. The General Manager shall maintain a complete and timely record of all investment transactions.

17. PURCHASING

- A. **Goal.** The purpose of this purchasing policy is to establish policies and procedures for the Beaumont Cherry Valley Water District (District) that provide for:
- i. Competitive bidding in the open market therefore creating the greatest possible advantage to the District.
 - ii. A cost effective purchasing process that incorporates high ethical standards.
 - iii. Obtaining quality materials, supplies, equipment, and non-professional services at the lowest ultimate cost and in a timely manner.
 - iv. A process to purchase, using effective fiscal controls that assure adherence to budgeted expenses and for obtaining appropriate levels of approval as established herein.

B. **Table 1 – Purchasing Requirements and Authorization Table**

Purchase Level	Purchase Amount	Solicitation	Contract Required	Minimum Purchase Approval Levels
1	\$0.00 - \$500.00	Not Required ¹	Not Applicable	All Employees ²
2	\$500.01 - \$1,500.00	Not Required ¹	Not Applicable	Supervisors ²
3	\$1,500.01 - \$3,000.00	Informal Quotes	Purchase Orders ³	Supervisors ^{2,4}

5	\$25,001 +	Three Qualifying Bids / Proposals	Service Agreement, Purchase Order ³ , or Contract	Board of Directors

NOTES TO TABLE:

- 1 Although not required, employees are encouraged to use competitive procurement methods whenever possible, such as by obtaining informal quotes
- 2 Purchasing employee's supervisor (see 17.C. Authorized positions) approval / signature on invoice is required prior to submitting to Accounts Payable for check processing
- 3 Blanket Purchase Orders are permitted, not to exceed two (2) years
- 4 Purchasing employee's supervisor (see 17.C. Authorized positions) approval / signature on Purchase Order is required prior to making the purchase

- C. **Authorized positions:** The following are considered supervisory personnel for the purposes of approving purchases per Table 1:

<u>Supervisors</u>	<u>Department Directors / GM</u>
1 Production Supervisor	7 Director of Operations
2 Transmission and Distribution Supervisor	8 Director of Engineering
3 Recycled Water Supervisor	9 Director of Finance and Administrative Services
4 Assistant Director of Operations	
5 Field Superintendent	10 General Manager
6 Information Systems Manager	

D. **Definitions**

- i. **Informal Quotes.** For purchases less than \$3,000 (Levels 1 through 3), quotes may be obtained through an informal process (e.g. solicitation of pricing via internet search, email or telephone inquiry). Documentation of the quotes is required.
- ii. **Informal Bids.**
 - a. For procurement of materials, supplies, equipment, and non-professional services in excess of \$3,000 but less than \$25,000 (Level 4), at least three vendors must be contacted for bids / price quotations via written request, email, telephone, legal advertising, or public notice (including District website).
 - b. Regardless of solicitation method, all vendors must receive the same information about specifications and requirements of the product or non-professional service, and all bids submitted must be kept in confidence until the bid is awarded. Vendors will be advised that they will be notified only if they submitted the successful bid.
 - c. All bids received must be documented and retained by the requesting department for two years.
 - d. When a qualified vendor, who has been requested to submit a bid, has not responded by the bid date provided in the request, the bidder is deemed non-responsive. As long as two other vendors have submitted qualifying bids, the non-responsive bidder is considered one of the three bids.
- iii. **Qualifying bids / proposals:** For all procurement of materials, supplies, equipment and non-professional services in excess of \$25,000 (Level 5), formal bidding procedures, as outlined in the District Policy and Procedure Manual, Part III Operations, Sections 11 and 12, will be used.

- E. **Exemptions from Solicitation:** The competitive solicitation process and approval levels will not be required for the procurement of materials, supplies, equipment, and non-professional services under the following circumstances:
- i. **Non-Discretionary Purchases:** These purchases / payments are not readily adaptable to the open market and competitive selection process. Non-discretionary purchases are generally included in the District's operating budget and do not require the issuance of a purchase order. Payments in excess of the General Manager's authorization limit do not require separate Board approval. Examples of non-discretionary purchases include, but are not limited to:
 - a. Utilities
 - b. Insurance premiums (worker's compensation, general liability, etc.)
 - c. Bank charges and fees
 - d. Payroll disbursements, payroll checks, deductions, deposits and tax payments that are supported by a payroll report
 - e. Software license maintenance
 - f. Memberships, dues and subscriptions
 - g. Permitting and other regulatory fees
 - h. Water purchases and related expenses
 - i. Debt service payments
- F. **Cooperative Procurement:** The District may participate in or reference purchases and contracts established by other political jurisdictions, provided the referenced cooperative purchase agreement is established following a competitive bid process. The District's subsequent cooperative purchase agreement may be authorized according to Table 1.
- G. **Inventory Replenishment:** Purchases to replenish the District's warehouse inventory within established inventory re-order levels require no prior authorization provided that the vendor being utilized has been selected via procedures set forth herein within the last twenty-four months as the designated vendor for the items, or class of items, to be purchased.
- H. **Sole Source.** The General Manager has the final responsibility for determining whether a sole source requisition meets the requirements of this policy. Instances when sole source purchasing may be applicable include the following:
- i. Property or services can be obtained only from a specific vendor (i.e. materials or equipment; one-of-a-kind items, etc.)

- ii. Competitive sourcing is precluded because of the existence of patents, copyrights, and special processes, control of raw materials by vendors or similar circumstances
- iii. Procurement of water or other utility services where it would not be practical or feasible to allow other vendors to provide such services
- iv. Procurement of support services in connection with the assembly, installation or servicing of equipment or software of a highly technical or specialized nature
- v. Procurement of parts or components to be used as replacements in support of equipment manufactured by a particular supplier
- vi. Procurement involving construction where a contractor is already at work on the site and it would not be practical to engage another contractor
- vii. Procurement where only a single supplier in a market is licensed or authorized to service or sell a specific product line
- viii. Procurement of compatible additions to existing equipment where a different manufacturer's equipment would be impractical for the specific need
- ix. The supplier or products are specified and required by the funding agency of a grant or Federal / State contract

J. **Vehicles.** Vehicles may be purchased in accordance with Table 1, in conjunction with the District's Capital Improvement Plan approved by the Board of Directors. Preference will be given to use of the State of California Vehicle Procurement Program, but at the discretion of the General Manager, vehicles may be obtained from an alternative local source if the cost difference does not exceed \$1,500. Consideration may also be given to delivery schedules and availability of inventory.

K. **Emergency Purchases.** Emergency purchases may be made without competitive bidding when unforeseen circumstances present an immediate risk of:

- i. Harm or hazard to the public health, safety and welfare;
- ii. Damage to District property; or
- iii. Serious interruption of District essential services

Since emergency purchases do not normally provide the District an opportunity to obtain competitive quotes, sound judgment shall be used in keeping such orders to an absolute minimum. In addition, the following requirements shall apply:

- i. The Finance Department shall be contacted as soon as possible to obtain a purchase order number
 - a. Documentation explaining the circumstances and nature of the purchase shall be maintained by the Supervisor, General Manager or Department Director
- ii. Emergency purchases at Level 4 require notification of the General Manager within 24 hours
- iii. Emergency purchases at Level 5 require notification of the General Manager within 24 hours. The General Manager will notify the President and/or Vice President of the Board of Directors within an additional 24 hours

If the emergency purchase causes any budget line item to exceed the approved budget, it shall be the responsibility of the department requesting the purchase to obtain subsequent Board of Directors approval for reserve funding or to make a budget transfer to cover the purchase.

Approvals for a budget transfer must be given by the appropriate Supervisor or Manager as determined by the Authorization Table.

All emergency purchases shall be reported to the Board of Directors.

- L. **Change Orders.** Any substantial change to a purchase order or contract shall be documented as a change order.
 - i. Taxes, shipping and handling may cause the purchase order or contract to exceed the authorized amount. These items do not require a change order, even if they exceed 10% of the original purchase order or contract amount.
 - ii. The General Manager may approve change orders to purchase orders or contracts for the procurement of materials, supplies, and equipment, provided:
 - a. The change order is within the scope of the purchase order or contract and the cost of the changed work does not exceed the adopted budget;
 - b. The cumulative total of all change orders is within 10% of the original purchase order or contract amount

- ~~C. **Implementation.** A credit card shall be issued to the General Manager and the Finance Division Manager. District credit cards will not be issued or used by members of the Board of Directors.~~
- ~~i. **Timely Payment.** All credit card bills shall be paid in a timely manner to avoid late fees and finance charges.~~
- ~~ii. **Reasonable Expenses.** All credit card expenses shall be reasonable and necessary to the furtherance of District business. No personal expenses shall be charged on a District credit card. If there is an overlap on a transaction between personal and District business, the employee shall pay for the transaction personally and then request reimbursement by the District.~~
- ~~iii. **Receipts.** All credit-card transactions shall have third-party documents (receipts) attached and the District purpose annotated by the cardholder.~~
- ~~iv. **Review and Approval.** The Director of Finance and Administration shall review and approve credit card transactions by the General Manager cardholder. The General Manager shall review and approve credit card transactions by the Director of Finance and Administration.~~

17. PURCHASING

- A. **Policy.** To purchase small items - such as office supplies, auto parts, and other miscellaneous items costing less than five hundred dollars (\$500) - vendors will be asked to submit pricing information by telephone or written quotation. District accounts are then awarded to those firms that provide the best prices, discounts, etc. Acquisitions are processed on purchase order forms that list instructions to vendors.
- B. **Solicitation.** To purchase items costing more than five-hundred dollars (\$500) and up to twenty-five thousand dollars (\$25,000), quotations will be solicited from vendors and received by telephone, fax or mail, preferably from two (2) or more sources, prior to selecting a preferred supplier and processing a purchase order. The General Manager or designee must approve purchase orders.
- C. **Written Quotes.** For items over twenty five-thousand dollars (\$25,000) or large quantity orders, the District will provide suppliers with a list of items to be purchased. Suppliers will provide written quotes for consideration and recommendation to the Board of Directors for award of contract. Items on the list will be purchased from the supplier quoting the lowest prices and having an acceptable delivery date.
- D. **Vehicles.** Vehicles will be purchased through the State's Vehicle Procurement Program, unless they can be acquired at the same cost or less expensively from local sources by competitive quotation bids in accordance with Paragraph B above.

Executive Summary

Honorable Board of Directors:

Staff is pleased to present the Beaumont-Cherry Valley Water District Fiscal Year 2018 Operating Budget to the Board of Directors. For the past five years, the Beaumont-Cherry Valley Water District (District) has been on a journey of stabilization which included the development of integral plans: an Urban Water Management Plan, a Potable Water System Master Plan, a Non-Potable Water System Master Plan and a 10-Year Capital improvement Plan. The journey of stabilization also included strategic focuses on balance sheet integrity including providing for adequate reserves, timely reporting, cash management and a staff with qualified skill sets. These represent a few of the strategic developments and focuses over the last five years.

Although we have been successful in the journey of stabilization, the District is now beginning a journey of advancement, improvement and facility construction including building relationships with Developers, local community partners, the District's Board and the District's staff

In that regard, Staff is pleased to present the Beaumont-Cherry Valley Water District Fiscal Year 2018 Operating Budget to the Board of Directors. Major goals for the District during this period are:

- Assure adequate water supplies for existing customers as well as anticipated growth.
- Comply with State mandates for water conservation.
- Create opportunities for the use of recycled water.
- Complete the District's Non-Potable Water System Master Plan.
- Complete and implement a revised Capacity Fee (Facility Fee) Study.
- Initiate an update to the District's Water Rate Study (last study expired in 2015).
- Continue updates to the District's GIS system.
- Implement salary adjustments based on the Koff & Associates Compensation Study.
- Reorganize staff titles and duties to support enhanced capital improved project coordination and developer project coordination and the development of systemic project costing and tracking.
- Maintain balance sheet integrity by enhancing the District's Reserve Policy, a continuing focus on cash and investment management, staying ahead of changes to the calculation of and reporting of Pension and OPEB liabilities.
- Continue with the development of enhanced District reporting schemes.

The Capital Improvement Budget will be presented, as a separate budget, at the January or February, 2018 Board Meeting. The focus of the Capital Improvement Budget will be on master-planned facilities, implementation of a non-potable water system, improved information technology/telemetry systems, the replacement of aging infrastructure including well pumping facilities and pipelines and replacing vehicles and equipment whose productive lives have expired.

The budget was prepared after considering major policy issues that impact District revenues such as reasonable water conservation efforts and changes in the local rate of development.

The fundamental theme of the document is to present a balanced Budget with conservative estimates for revenues and realistic expense projections.

Revenues

The revenue numbers presented assume a conservative estimate of approximately 10,620 acre feet of both potable and non-potable water delivered to our 17,795 connections. This projection is based on the continuation of reasonable conservation efforts. Should declines in consumption occur, a rate adjustment may be necessary to keep revenues in line with expenses. Capacity (facilities) fees are used as the funding basis for capital improvement projects that are necessary to provide for demand from growth.

Expenses

The labor and benefit costs presented include the first year of a proposed three-year implementation of defined wage increases and corresponding benefit increases resulting from recommendations of the Koff & Associates 2017 Compensation Study and the District's Personnel Committee. Labor costs and corresponding benefits for positions not affected by the Compensation Study were increased by 1.9% as a cost of living (COLA) adjustment based on the comparison of the Consumer Price Index (CPI) from August 2016 to August 2017. State Project Water Purchases in 2018 are being increased by approximately \$800,000 in anticipation of additional water availability to make up for recent limitations of availability primarily due to California's drought conditions.

Summary

In summary, staff is proposing a balanced budget that has estimated total revenues of \$18,161,441, which includes \$12,874,965 of operating revenues, \$5,016,541 of facilities charges, and \$269,935 of other non-operating revenues. The estimated total operating expenses of \$13,718,669 are balanced with operating revenues and other non-operating revenues, which provide for a contribution of \$1,981,012 to capital replacement reserves. The budgeted expenses include changes in wages and benefits, power costs, and purchases of State Water Project water, among other things. The fiscal year 2018 budget utilizes the same assumptions as the 2017 budget including projected actuals from the prior period as a basis.

The District continues to be debt free.

Background

The Beaumont Irrigation District was formed in March of 1919 under the Wright Act of 1897.

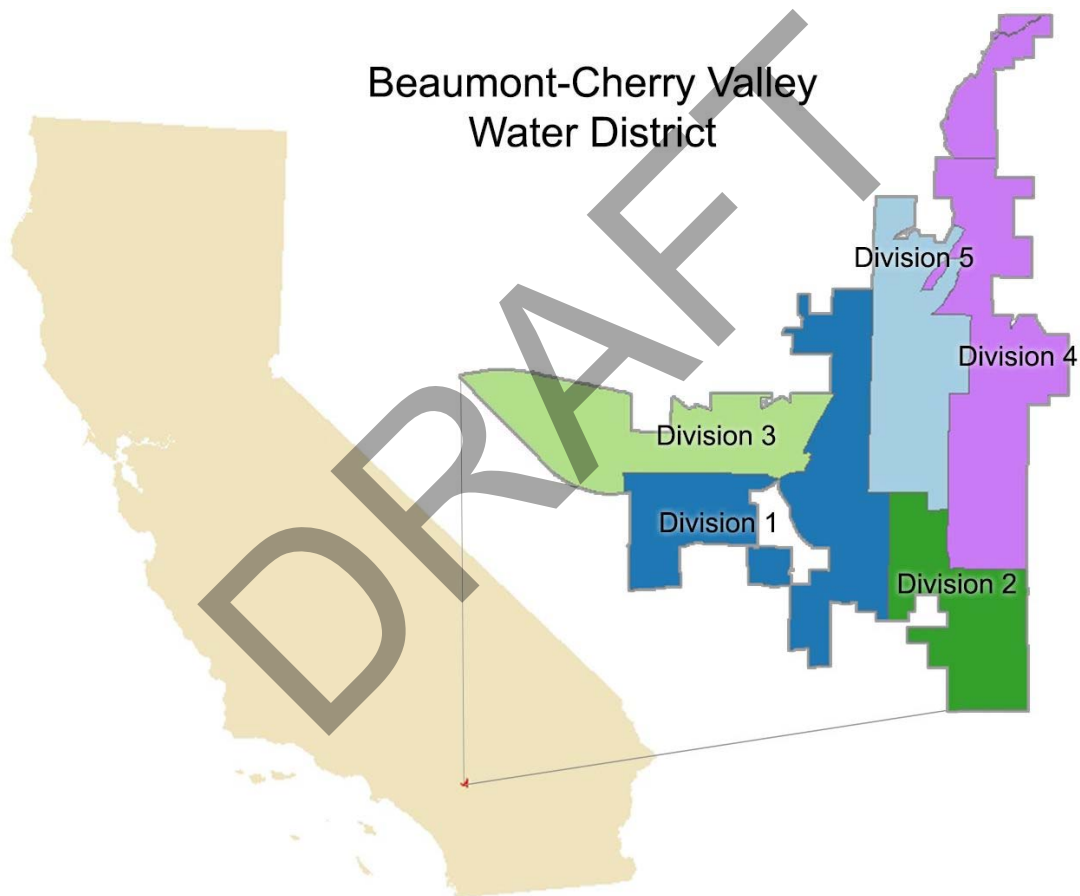

Over many decades, the water system of the Beaumont-Cherry Valley Water District has evolved from a small privately owned company to the system today that serves over 48,000 residents in both the City of Beaumont and the Community of Cherry Valley.

The District's service area is approximately 28 square miles with a majority of the area within the communities of Beaumont and Cherry Valley. The system is served exclusively by ground water using 23 wells. Recharge of the basin is accomplished using imported State Project Water at the District's recharge facilities. A total of 22.85 million gallons of potable and 2 million gallons of non-potable water storage provide peak demand and fire protection reserves. The water distribution system is comprised of over 100 miles of potable water lines and about 40 miles of non-potable water lines (including transmission and distribution lines) from 2 to 36 inches in diameter.

Organization

Constituents of the District are represented by a five member Board of Directors from five separate divisions. Members of the community vote for all District Directors regardless of where they live in the District. The Board of Directors meets monthly on the second Wednesday. Each year the Board of Directors adopts an operating budget prior to the new fiscal year. The budget authorizes and provides the basis for reporting and control of financial operation and accountability for District funds.

Basis of Budgeting and Accounting

The District reports its activities as an Enterprise Fund, which is used to account for operations that are financed and operated in a manner similar to a private business enterprise. It is the intention of the District to recover the full-costs of providing goods and/or services through the collection of user charges. Thus, user charges are commensurate with the cost to provide service.

Actual revenues and expenses, reported in this document, are recognized on the accrual basis of accounting in conformity with Generally Accepted Accounting Principles (GAAP). Consequently, revenues are recognized in the accounting period in which they are earned and expenses are recognized in the accounting period incurred.

Budget Control and Amendment

The General Manager is responsible for keeping the expenses within budget allocations and may adopt budget policies necessary to carry out that responsibility. No expenditure of funds shall be authorized unless sufficient funds have been appropriated by the Board or reallocated by the General Manager as described in this budget.

The General Manager may exercise discretion in the administration of the Budget to respond to changed circumstances, provided that any single modification in excess of \$50,000 shall require approval by the Board. All budget transfers are documented and tracked in the District's computerized financial system and reported to the Finance and Audit committee at their regular meetings on the first Thursday of each month.

The General Manager may authorize the hiring of full-time staff as necessary, as long as the position or classification has been authorized by the Board. In addition, the General Manager may authorize the hiring of temporary or part-time staff as needed.

In the event that the General Manager determines that an emergency exists requiring immediate action, the General Manager shall have the power, without prior Board action, to enter into contracts and agreements and expend funds on behalf of the District to ensure continuity of District operations per the Operations Policies and Procedures Manual, Section 1(F), Emergency Preparedness Authorization during District Emergencies.

OPERATING REVENUE

Water Sales

The District produces potable water for sale to seven customer classes; single family residential, multifamily residential, commercial, industrial, irrigation, agricultural irrigation, and other. Most customers are billed on a bi-monthly cycle based on the amount of water usage, which is metered and measured in hundred cubic feet (HCF) where 1 HCF is equal to 748 gallons. Proposed water sales for 2018 are \$8,079,388, a 5.1 percent increase above projected sales for 2017 with potable water usage estimated at 10,620AF for 2018.

Development and Installation Charges

The District incurs engineering, legal and administrative costs associated with new development, which are charged against deposits collected and recorded as revenue. The District also collects deposits for new service installations, which are recorded as revenue against the deposits when the services are installed. Proposed development and installation charges for 2018 are \$720,600, a 37.3 percent increase above projected charges for 2017, and are based on conservative estimates of new development growth in addition to an anticipated increase in the fee charged per new service installation.

Water Importation Surcharge

The Water Importation Surcharge is the cost to the end user (Rate Payer) for imported water supplies to offset existing groundwater overdraft not to exceed the actual State Water Project Water costs incurred by the District. The proposed water importation surcharge for 2018 is derived from estimated potable water usage of 10,620AF for 2018 and is \$2,160,000, a negligible increase above the projected amount for 2017.

Water Pumping Energy Surcharge

The Water Pumping Energy Surcharge is the cost to the end user (Rate Payer) for electricity to pump and deliver water. It includes all SCE charges for operation of pumps and wells in the water system. Beaumont-Cherry Valley Water District uses SCE Time of Use (off peak) rates to limit the cost to the water user. The proposed water pumping energy surcharge for 2018 is derived from estimated potable water usage of 10,620AF for 2018 and is \$1,566,443, a 1.1 percent increase above the projected amount for 2017.

Facilities Charges

Facilities fees or impact fees are paid by industrial, commercial and residential developers to fund the cost of the impacts of their developments on the District's water system. The District has collected facilities fees since the early 1980's. Facilities fees pay for oversizing of pipelines, new wells, tanks, transmission mains etc. needed to serve new developments. Proposed facilities charges for 2018 are \$5,016,541, a 53.5 percent decrease from projected facilities charges for 2017, based on a conservative estimate of new development.

Interest Earned

The District currently holds a diverse portfolio of investments to meet both short term liquidity, mid-term cash funded Capital Improvement Plans, and long-term earnings. The goals for the District's investments are:

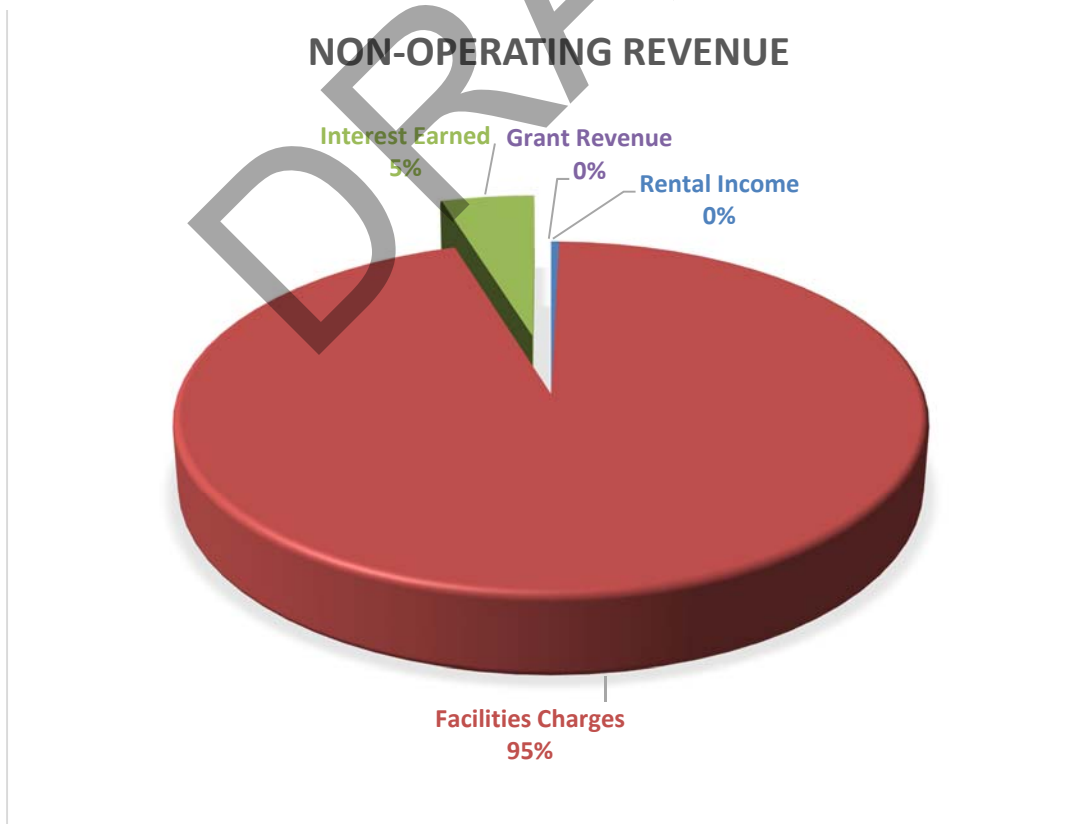

- Safety
- Liquidity
- Earn a total rate of return commensurate with the first two goals

The proposed \$249,358 of general interest earned is based on the expected level of capital invested throughout the fiscal year, and is 16.1 percent above the projected amount for 2017.

Operating Expenses Detail

Source of Supply

This category represents the projected costs related to the operation and maintenance of the 23 active wells, booster stations, storage facilities, State Water Project supply, supervisory control and data acquisition (SCADA) and water quality functions. Source of supply expenses for 2018 are proposed as \$5,330,765, an 18.1 percent decrease from projected expenses for 2017. 2017 was a "wet" year, and while purchases of imported State Water Project supplies will be made to the extent available, it is anticipated that 2018 will not be as wet as 2017.

Transmission and Distribution

This department includes the maintenance of the distribution system, service connections, meters, reservoirs and pressure regulating stations that deliver water throughout the District. This department also includes costs associated with new service requests, fire hydrants and fire services. Proposed expenses for 2018 are \$1,843,114, a 100.4 percent increase above projected transmission and distribution costs for 2017. The increase is mainly due to a combination of new positions, vacant positions being filled and wage and benefit increases as a result of the compensation study performed in 2017 by Koff & Associates.

Maintenance and General Plant

This category includes utilities, auto/equipment fuel, maintenance and repairs for all residences and offices. It also includes all landscape maintenance related labor as well as general maintenance in the canyon areas, recharge basin system and the Noble Creek Recharge facility. Maintenance and general plant expenses are proposed at \$374,327 (excluding depreciation expense) for 2018, an 18.3 percent decrease from projected costs for 2017. This expected decrease is mainly due to the expectation that much of the landscape maintenance in 2018 will be contracted out to third parties, with no District labor expenses to be incurred.

Engineering

This category includes the full-time Director of Engineering and Engineering Staff. Engineering expenses are proposed at \$411,357 for 2018, a 53.9 percent increase from projected costs for 2017. The expected increase is due the anticipated need for additional labor and associated benefits in the implementation and management of the District's Capital Improvement Plan.

Professional Services

This category includes professional services from outside consultants for legal, engineering and auditing services. Proposed expenses for 2018 are \$249,000, an 84.2 percent increase above projected professional services costs for 2017. This expected increase is mainly due to an increase in legal counsel and outside engineering costs.
