Mr. Mark Swanson
BEAUMONT CHERRY VALLEY WATER DISTRICT
District Engineer

RE: REQUEST FOR WILL SERVE LETTER
BEYOND FOOD MART 6TH & PENNSYLVANIA
BEAUMONT, CA APN# 418-122-028

Dear Mr. Swanson,

I am submitting this correspondence to the BEAUMONT CHERRY VALLEY WATER DISTRICT(District) to confirm our understanding and statements regarding the new convenience store and fuel station that we have proposed to construct and operate at the referenced site.

BEYOND FOOD MART will operate the convenience store that will only provide prepackaged foods. There will be no food preparation and any reference to such activities will be removed from the plans to confirm our statement.

We will operate within the District's required parameters of 2.0 EDUs for the convenience store operation.

The carwash equipment WILL NOT be connected to any District water meter / line until the current water restrictions Per Resolution 2014-05 are addressed with the District at the appropriate time.

As we are already customers of the District at other locations, we look forward to the successful and continued growth of the local community and being responsible customers of the District.

Please contact me at 760.810.8548 if you require additional information.
