State: _____ Zip: _____ Applicant Email: _____ Applicant Phone: _____

Contact Name: _____ Contact Phone: _____

Project Information

Project Name: _____ Project Owner: _____

Project Owner Phone: _____ Project Owner Email: _____

Project Location: _____ Meter Location: _____

Proposed Meter use: _____

What type of meter are you applying for: 3" Hydrant Meter ☐ **5/8" Temp Meter** ☐ **Quantity**_____

An approved backflow device is required for 3" hydrant meters. When selecting 5/8" meters, a requested quantity is required. Addresses or lot numbers are required for each meter, and a site plan in PDF format showing the addresses or lot numbers requested is required at the time of the application. **The maximum number of meters issued shall not exceed 50% of the proposed phase.**

All meters will be locked to the water supply. The applicant assumes responsibility for the safekeeping of the meter from the time the meter is installed to the time it is returned. In the event of damage or theft, the deposit will be used to purchase a replacement meter, and the applicant will be required to pay an additional deposit for a replacement meter. The applicant is subject to standard billing procedures from the date of rental. The rental period is six months, and the meter must be available for reading on the 15th of every month. If an extension is needed, please call our office at (951) 845-9581.

I acknowledge that the property owner is aware that water is being used on the property for temporary use. In the event of water use without a BCVWD-approved meter, water theft fines will accrue, and all water service for the project will be discontinued until all fines are paid.

Applicant Signature: _____ Date: _____

FEES: The deposit rate, along with all service rates, can be found in BCVWD Rules and Regulations Part 5
A deposit is required for all meters requested and will be held until the closing of the account or forfeited if the meter is lost or stolen. If damaged, you may lose a portion of the deposit based on the estimated cost of repairs and related labor. Service-related rates include a monthly flat rate as well as commodity and pass-through charges, based on consumption.
