NOTICE IS HEREBY GIVEN that BCVWD is considering modifying capacity charges and miscellaneous fees.

Reason for proposed fees and charges and basis for charges: BCVWD is committed to providing safe and reliable water services in a cost-effective manner while protecting water resources and the public's health. Costs to provide service have increased. The District must modify some of its fees and charges to reflect current costs of providing services.

Anyone interested is invited to attend this hearing or may contact the District verbally or in writing prior to the hearing date. The Board may continue the hearing without further written notice.

Written or emailed comments may be submitted to the Board of Directors prior to the hearing. Correspondence received during or after the public hearing will be distributed to the Board of Directors as soon as practicable and retained for the official record. Send comments to:
